

Chief Ladiga Landing

Chief Ladiga Landing is located on Alexandria Rd SW where it intersects with the Chief Ladiga Trail. It was built by the Calhoun County Commission and is maintained by the City of Jacksonville. This new park is a great place to park and access the trail. It features beautiful plants, landscaping and the "bones" of a "re-homed" covered bridge. New pavilions have been added recently. Look for more updates and additions in the near future.
