

JBAC Meeting 7/21/15

1. Meeting called to order at 6:02. Present are Lynn Hoffman-Wirtz, Jack Plunk, Suzy Michelson, Chief Thompson, Ron Wilson, Mike Langley, and Scott Edmiston.
2. Minutes of May 12th were reviewed. Motion made to accept by Lynn and seconded by Scott. Motion passed.
3. Complete Streets Ordinance--the city adopted one these in 2013. We don't know if there will be a bicycle rack at Dollar General. Jack hopes so, or he will be "pretty damn disappointed". He hopes there will be one, otherwise the bike ordinance is useless. He wants the city to follow through with this ordinance. All new businesses should have bike racks.
4. Bank account- \$1286 at last meeting. Nine shirts sold, and there is \$1394 in the account now. Most shirts are being sold at City Hall.
5. New connections-- at Greenleaf, the connection is under construction. Due to the elevation change, more work will have to be done. At Reynolds, the culvert has been put in, clearing done, etc., so the work at Reynolds should be done soon. We will need bollards put in place to discourage four wheeler and auto access.
6. Sharrows-- None of Phase three has been done. Phase one and two sharrows are fading. Growing grass in the right-of-ways is also an issue.
7. The Chief is Cleburne County and Piedmont--they got the grant to repair all of the bridges in the Piedmont section (the wooden ones). In Cleburne County, trees need to be trimmed, bollards need to be replaced, and there are drainage issues.
8. Weaver is preparing to repave their section--from Warren Drive to Airport Rd sometime in 2016. There is no timeline for finishing the Mike Tucker park camping area. The city of Anniston is working hard to extend the trail towards the Amtrak station. Holly has brought our website up-to-date.
9. Next meeting on Sept. 15.
10. We only sold one shirt at the Bike Ride in May. We didn't even give away much of the free stuff. If we give the brochures to the city, they can be added to the welcome packets for new residents. Jack will see about making this happen.
11. Meeting adjourned at 6:42.
